Optical Touch LCD Interactive Monitor

DESIGNED TO FOSTER CREATIVE COMMUNICATION

Claridge offers visual communication products that transform classrooms and conference rooms into collaborative teaching spaces at the click of a button.

LCD monitors are 'Plug and Play' so any computer with a USB port can be connected quickly and easily. The multi-touch functionality allows multiple users to work simultaneously on the screen.

FEATURES

- Screen sizes: 46", 55", 65", 70", 82"
- 1920 X 1080 resolution
- Optical image sensor
- Automatic Coordinate setting
- USB interface, plug and play
- XP / Vista / Windows 7
- 50,000 hour life expectancy
- Low reflective surface
- 16:9 ratio screen display

A cutting-edge, multimedia environment that encourages creative thinking and innovation.

INTERACTIVE TOUCH SOLUTIONS

LCD monitors, with innovative optical sensing technology, are fast and very accurate to use. The complete range extends from 46 inches to 82 inches.

- Turn an ordinary presentation into an interactive experience in one touch
- Concepts and ideas come to life
- 178-degree viewing angle
- A clear sharp view at all times
- Glare and eye fatigue minimized by anti-reflective coating
- 2-year warranty

LARGEST TOUCH SCREEN INTERACTIVE LCD MONITOR ON THE MARKET TODAY.

DESIGNED FOR INTENSIVE USE

Whether active for 2 hours or 24 hours, the picture quality and interactive performance of the LCD monitor are always strong.

Ideal in classrooms, boardrooms, training facilities... or any collaborative workspace.

NO PROJECTOR REQUIRED

Plug into your laptop and the LCD monitor is ready to use. No cords. No projector. No problem. Think big.

NO CHALK DUST

Touch technology allows you to write or draw directly on the LCD with your finger, a stylus or any tool in the on-screen tool bar. Anti-aliasing software.

MULTIMEDIA SYSTEM

Turn your laptop or desktop into an 82" interactive, multi-touch display. View photos, graphics and videos in full HD.

Navigate through multiple applications with one touch.
